

MASTER

1st Semester

TIME	MONDAY		TUESDAY		WEDNESDAY		THURSDAY		FRIDAY	
8:00										
8:15										
8:30										
8:45										
9:00	VO Parameter Estimation [GIS Labor DC rot 01]		UE Parameter Estimation [GIS Labor DC rot 01]		VO Führung eines Ziviltechnikerbüros [HS 14A]				VO Exploration with Electric and Electromagnetic Methods [Sem.R. DA grün 02 A]	
9:15										
9:30										
9:45										
10:00										VU Astronomie [Sem.R. DA grün 02 B]
10:15										
10:30										
10:45										
11:00	VO Modern Space Geodetic Techniques [Sem.R. DA grün 02B]		VU Point Cloud Processing [EDV-Raum. DA grün 02 D]		VO Atmospheric Effects in Space Geodesy [Sem.R. DA grün 02B]					
11:15										
11:30										
11:45										
12:00					UE Atmospheric Effects in Space Geodesy [Sem.R. DA grün 02B]					
12:15										
12:30										
12:45										
13:00	VU Very Long Baseline Interferometry [Sem.R. DA grün 02B]		VU Advanced GIS [GIS Labor DC rot 01]		VO Navigation [Sem.R. DA grün 02B]		VU Introduction to Earth Observation [Sem.R. DA grün 02 A]		UE Geophysical Data Processing [Sem.R. DA grün 02 C]	VU Global Change Monitoring [Sem.R. DA grün 02 A] blocked course
13:15										
13:30										
13:45										
14:00							VO Microwave Remote Sensing [Sem.R. DA grün 02 A]			
14:15										
14:30										
14:45										
15:00										
15:15										
15:30										
15:45							UE Microwave Remote Sensing [Sem.R. DA grün 02 A]			
16:00										
16:15										
16:30	VO + UE Statistical Pattern Recognition [Sem.R. DA grün 02B]				VO Data Quality [GIS Labor DC rot 01]			VO Physik der Atmosphäre [FH HS 6] ONLY ODD YEARS!		
16:45										
17:00										
17:15										
17:30										
17:45										
18:00										
18:15										
18:30										
18:45										
19:00										

Fundamentals

Specialization Subjects

Broadening Subjects

- NOT IN SCHEDULE:
- SE Introductory Seminar
 - SE Seminar in Geodesy, Engineering Geodesy and Geophysics
 - SE Seminar in Photogrammetry and Remote Sensing
 - SE Seminar in Geoinformation and Cartography
 - VU Discrete Mathematics for Computer Science

MASTER

2nd Semester

TIME	MONDAY		TUESDAY		WEDNESDAY			THURSDAY		FRIDAY		
8:00												
8:15												
8:30												
8:45												
9:00	UE Advanced Engineering Geodesy [Sem.R., DA grün 02A]		MU Measuring Exercise on Engineering Geodetic Metrology [Sem.R., DA grün 02C] (blocked)	VO Bau- und Planungsrecht [HS 7 Schütte-Lihotzky]	VO The Gravity Field of the Earth [Sem.R., DA grün 02B]		VU AKSTA Statistical Computing [HS 17 Friedrich Hartmann]	VU Seismic Methods in Near-Surface Geophysics [Sem.R., AC 02 - 1]		VU Geometric Shape Determination in Engineering Geodesy [Sem.R., DA grün 02A]	VO Biogeophysics and Environmental Geophysics [Sem.R., AC 02 - 1]	
9:15												
9:30												
9:45												
10:00												
10:15						VO Rechtsfragen des Umweltschutzes [EI 5 Hochenegg HS]						
10:30												
10:45					UE Global Gravity Field Models [Sem.R., DA grün 02B]							
11:00	VO Advanced Engineering Geodesy [Sem.R., DA grün 02A]		VU Programming Cartographic Tasks [FH HS 7]									
11:15												
11:30												
11:45												
12:00												
12:15					VO Advanced Photogrammetry [Sem.R., DA grün 02A]				VU Geometrical Algorithms for GIS [GIS Labor DC rot 01]			
12:30												
12:45												
13:00												
13:15			VU Location Based Services [FH HS 7] (only in March)							VU Location Based Services [FH HS 7] (only in March)	VU Cartographic Interfaces [FH HS 7]	VU Cartographic Information Systems [FH HS 7]
13:30												
13:45												
14:00												
14:15												
14:30					VO Satellite Navigation Systems and Services [Sem.R., DA grün 02A]			VU Applied Earth Observation [Sem.R., DA grün 02A]				
14:45												
15:00	SE Seminar in Geosciences [GIS Labor DC rot 01]		VU Data Retrieval in Earth Observation [Sem.R., DA grün 02B]	VO Theoretical Cartography [GIS Labor DC rot 01]								
15:15												
15:30												
15:45												
16:00												
16:15					VO Introduction to Meteorology and Climatology [EI 10 Fritz Paschke HS]			VU Climate and Environmental Remote Sensing [Sem.R., DA grün 02A]				
16:30												
16:45												
17:00									UE Advanced Photogrammetry [Sem.R., DA grün 02B]			
17:15												
17:30												
17:45												
18:00												

Fundamentals

Specialization Subjects

Broadening Subjects

NOT IN SCHEDULE: EX Excursion Space Geodesy

MASTER

3rd Semester

TIME	MONDAY		TUESDAY		WEDNESDAY		THURSDAY		FRIDAY	
8:00				VU Numerical Computation [FH HS 3]						
8:15										
8:30										
8:45										
9:00			VO Earth Rotation and Global Dynamic Processes [Sem.R. DA grün 02C]		VU Numerical Computation [Sem.R. DA grün 04]		VO Implementation of a GIS [GIS Labor DC rot 01]			
9:15										
9:30										
9:45										
10:00					VO Mobile GIS [GIS Labor DC rot 01]		UE Implementation of a GIS [GIS Labor DC rot 01]			
10:15										
10:30										
10:45			UE Earth Rotation and Global Dynamic Processes [Sem.R. DA grün 02C]							
11:00					UE Mobile GIS [GIS Labor DC rot 01]					
11:15										
11:30										
11:45										
12:00										
12:15										
12:30										
12:45										
13:00										
13:15										
13:30										
13:45										
14:00			VO + UE Kataster Vertiefung [Sem.R. DA grün 02C]				VU Model-Data Integration in Earth System Science [Sem.R. DA grün 02 C]			
14:15										
14:30										
14:45										
15:00					VU Selected Topics of Engineering Geodesy [EDV-Labor DA grün 02D]					
15:15										
15:30										
15:45										
16:00							VO Liegenschaftsrecht [GIS Labor DC rot 01]			
16:15										
16:30										
16:45										
17:00										
17:15										
17:30										
17:45										
18:00										

Fundamentals

Specialization Subjects

Broadening Subjects

NOT IN SCHEDULE: **SE Seminar in Geodesy, Engineering Geodesy and Geophysics**

 SE Seminar in Photogrammetry and Remote Sensing

 SE Seminar in Geoinformation and Cartography

MASTER

4th Semester

TIME	MONDAY		TUESDAY		WEDNESDAY		THURSDAY		FRIDAY	
8:00										
8:15										
8:30										
8:45										
9:00	Master Thesis		Master Thesis		Master Thesis		Master Thesis		Master Thesis
